Dear Travel Partner,

We know options have been a little limited for your clients to use their Future Cruise Credit (FCC). As a result, we're excited to share that we've extended their FCC expiration date to April 30th, 2022. Now, they'll have until **April 30th, 2022** to apply their certificate to an Azamara voyage that sets sail **on or before September 30th, 2022**. It's important to us that they have the opportunity to select a journey that works for them!

Please know, your client will not receive an updated FCC. Their FCC has already been updated in our system to reflect their new expiration date of April 30th, 2022, so there's nothing for you to do.

Lastly, if you have any questions, or prefer to call us to rebook, we're more than happy to assist. Feel free to contact us at:
